Reserve capacity for TT 2020 – optimal product for adhoc path requests

Reserve Capacity slots are published by the C-OSS in the middle of October each year to request adhoc path within and beyond RFC NorthSea-Baltic starting with the timetable change in December.

Reserve Capacity slots can be requested 30 days before the train starts and allow a quick & optimal answer to adhoc path requests.

Applicants can indicate individually required departure and/or arrival times, feeder and outflow path(s).

Reserve capacity (X-2 till 30 days before train starts)

Request possible from mid Oct, for TT change in Dec
