

EUROGATE – WE MOVE ECONOMY

**State of play on development of the common
template for the service facilities information**

Friedrich Stuhmann, Berlin 1st of March 2018

Context

- 1) Basis of the development of a „Common Template“ for the service facilities is the Commissions Implementing Regulation (EU) 2017/2177 of 22 November 2017.
- 2) The Implementing Regulation should apply from 1 June 2019
- 3) The Implementing Regulation demands in general that the Operator of a service facility has to publish certain information about the service facility.
- 4) Which informations has to be published is defined in Article 4
- 5) How to publish the information is defined in Article 5

Implementing Regulation 2017/2177

Article 5:

1. Operators of service facilities shall make publicly available the service facility description free of charge, in one of the following ways:
 - (a) by publishing it on their web portal or a common web portal and providing the infrastructure managers with a link to be included in the network statement
 - (b) by providing the infrastructure managers with the relevant and ready-to-publish information to be included in the network statement
2. ...Infrastructure managers shall provide a common template to be developed by the railway sector in cooperation with regulatory bodies by 30 June 2018 that operators of service facilities may use to submit the information. The template shall be reviewed and updated as necessary.

Implementing Regulation 2017/2177

Workshop Common Template:

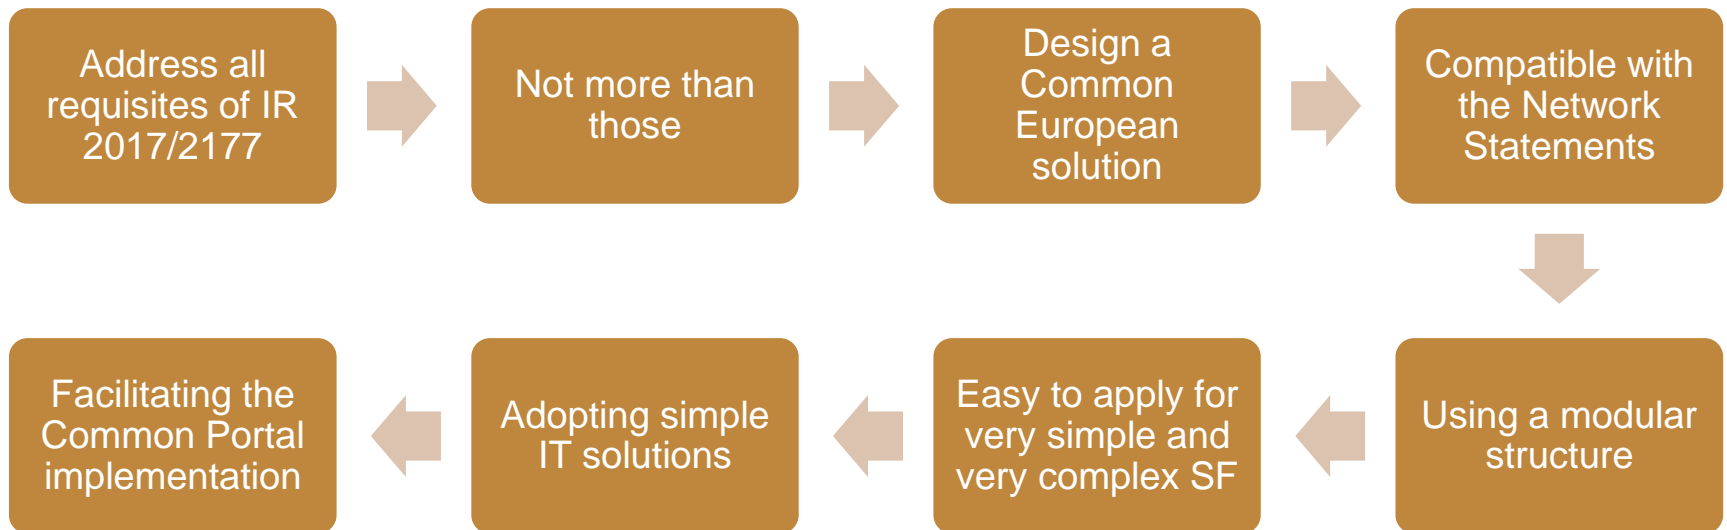

On the 22nd of February 2018 a Workshop took place at CER in Brussels to discuss the current development status of the „Common Template“ between the different parties (Infrastructure managers, service facility managers, regulatory bodies, rail freight corridors, etc...)

Which are the results of the Workshop Common Template

Workshop Common Template:

General feedback from the participants regarding the common template:

- „keep it simple“
- „keep it flexibe“
- „reduce it to the demanded information“ (acc. to IR 2017/2177)

Next steps:

- The European Commission will reflect the feedback and will discuss it with Rail Net Europe (RNE)
- An updated version of the common template will be distributed to the participants
